INTRODUCTION

Welcome to the future of expo

Exhibition displays have been stuck in the dark ages for a long time. Now, 'next generation' fabric solutions have arrived and can help turn your client's shamefully dull display into an attention stealing stellar showpiece.

Inside, you'll find great display ideas for all types of indoor and outdoor events, promotions, trade shows and exhibitions.

It doesn't end there. Fabric can also help transform sanitised office environments into stimulating spaces. Take a look at the comfy seating, tables, meeting booths and acoustic screen covers for ideas on how to make the work place a more creative and comfortable place to be.

All fabric products are fire retardant and meet B1 and M1 safety standards.

★ TIP

Visit mqt.sc/1tools to access reseller tools like product images, eshots and demo kits to help you sell more.

FABRIC DISPLAYS

Contains: Fabric covered display stands

Fabric Displays consist of a strong, lightweight frame and a stretchy printed fabric cover.

The aluminium frame features a simple 'click together' mechanism (shown below) and each part is numbered to allow quick, straight forward assembly.

The cover is printed on the front and reverse as standard and fits snugly over the frame. It is washable, and extra covers can be ordered separately.

These fabric displays give a superior presence at exhibitions and trade shows and are also ideal to use as permanent indoor office or studio props.

Prices exclude VAT and delivery	

Section:

BACKDROPS

Contains: Large, eye-catching structures

Backdrops are made up of the same components as fabric displays but offer a much larger display area.

They are perfect for defining an exhibition area or to section off a large room. They use one continuous graphic which means they completely eliminate the problem of visible join lines commonly encountered on the traditional multi-panel exhibition backdrops.

Both the front and the reverse of the displays are printed, giving more room for a promotional message and increasing their functionality.

Optional extras:

- 12W LED light £59.00

Product: BERLIN FABRIC BACKDROP

BOOTHS

Contains: Large, multi-purpose enclosures

Brand new in the UK. Make a private meeting space in an office area or divide up open plan rooms with these huge fabric Booths.

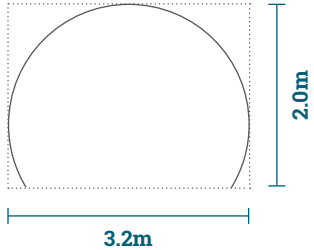

Fabric Booths are perfect for exhibitions – just rent a ‘space only’ stand, and use the booth to create an eye-catching one-piece, ready formed stand, printed on all sides.

Using the same construction method as fabric displays and backdrops, these booths can be quickly assembled in exhibition areas or open plan offices.

Choose between the C-shaped booth, or the sculptured, sloped booth.

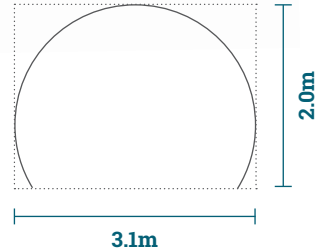

*** NEW**

£717	Product Code: FDSCAP?
	Prices exclude VAT and delivery

Section:

FURNITURE

Contains: Dual purpose, functional products

Transform empty, open plan office areas with bespoke printed fabric furniture. Choose any design theme – forest, beach, jungle – to inspire and entertain those who use the space.

When exhibiting or running a promotion, it's essential to have a flat surface to rest a laptop, paperwork, pens or drinks on. Fabric tables provide that useful platform whilst promoting a brand, product or service at the same time.

The seating cubes and beanbags provide fun, informal seating areas at exhibitions or in communal areas around the office and make great accessories for the fabric booths.

Every inch of the table covers can be printed in full colour, great for branding at an exhibition, trade show or fete.

The table runner is designed to reach just above the floor either side of a 5ft or 6ft trestle table. The tablecloths are designed to reach to the floor at the front and sides of a standard 5ft or 6ft trestle table with a 30cm overhang at the back to allow for access to storage.

Acoustic screen covers can be slipped over free standing room partitions to help reduce background noise.

*** NEW**

Product: MEXICO CITY FABRIC TABLE

FABRIC BOXES

Contains: Light, Wall & Floor Boxes

Turn any corridor or communal area into a mini art gallery with beautiful fabric boxes.

All types of fabric boxes feature a metal frame, onto which silicon edged fabric graphics can be attached. The graphic extends right to the edge of the frame – giving a large, uninterrupted, display area.

Wall Boxes attach directly to a wall, and **Floor Boxes** are free standing.

Lightboxes feature a row of led lights inside the frame which illuminates the image from behind.

Graphics and frames must be ordered separately. Floor Boxes and Lightboxes are both double sided – so two graphics are recommended.

Product:

BANNERS

Contains: Simple branding solutions

Whether they are going to be used indoors or outdoors, we have a Banner to suit every environment.

For outdoor displays, choose the Reykjavik Outdoor Banner or the PVC Banner which is available in a range of standard sizes, as well as bespoke sizes.

For indoor displays, opt for one of the Roller Banners with either a 440gsm PVC poster or a 410gsm Greyback poster which prevents light from passing through and minimises curling on the sides.

All our banners substrates are printed using latex inks which gives them a scratch, UV and water resistant finish.

*** TIP**

RAW FABRIC

Contains: Custom size, multi-purpose fabric

Printed fabric can be used for many different purposes - not just those featured in this brochure.

The fabric options on this page can all be supplied in a 'raw' (unfinished) state.

Printed in full colour and then finished to your specification, use them to create anything from curtains, stage dressings, tablecloths, cushion covers, beanbags, deck chairs, - the list is endless.

Optional Extras:

- Hemmed edges
- Eyelets
- Silicone edging

Ask about our acoustic fabrics. Available in 'Textured' or 'Cube' material, these can be used to cover walls, room partitions and furniture to help reduce background noise.
